WOODEN PUZZLE

How it is done!

Section One

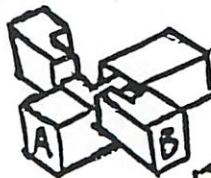

Step 1

- Lay Block "A" down Horizontal

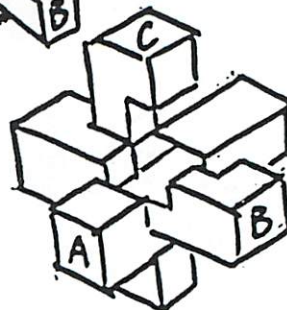

Step 2

- Lay Block "B" so it intersects Block "A" forming a Cross

Step 3

- Slide Block "B" so it accepts Block "C" and both blocks intersect with Block "A"

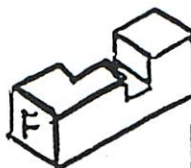

SECTION ONE

Section Two

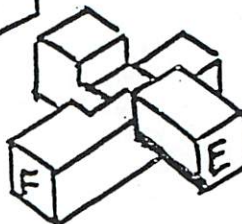

Step 1

- Lay Block "F" down Horizontal

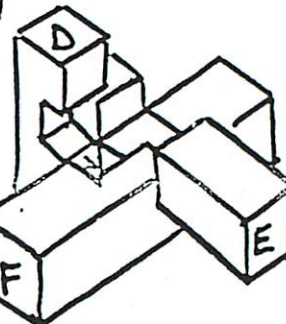

Step 2

- Lay Block "E" so it intersects Block "F" forming a Cross

Step 3

- Slide Block "D" along Block "E" so it intersects with Block "F"

180

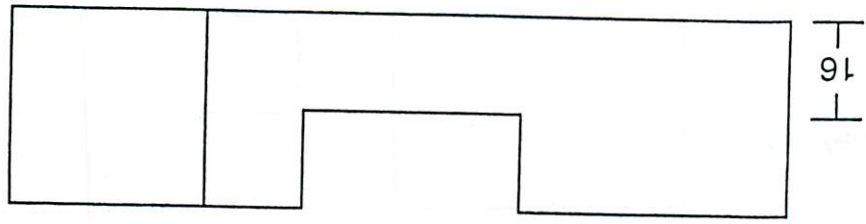

SECTION TWO

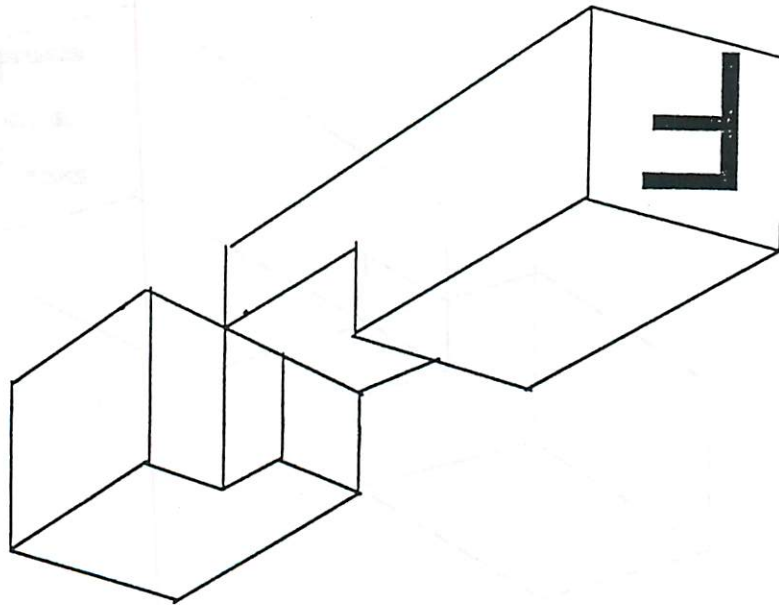

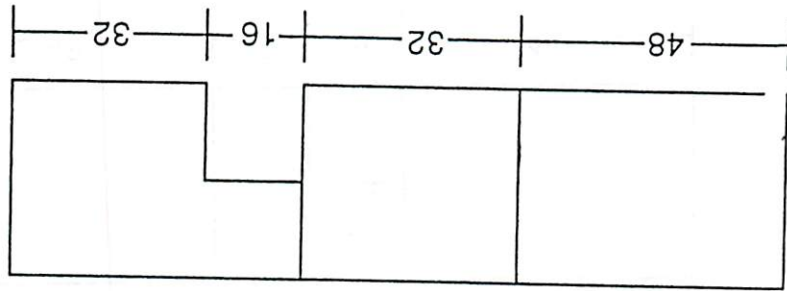

Final Step

Hold Section One in your Left hand with the end of Block "C" pointing towards the sky. Hold Section Two in your Right hand with the end of Block "D" pointing towards the sky. Rotate Section Two 180 degrees and slide the two sections together.
